Some Issues with Online Presentation

- Each group has 25 minutes of presentation and 4 minutes of Q&A. So we can complete 5 assignment groups in Week 12.
- My home network has problem which may cause the sound to be broken. So I may write down the questions in MS Team Chat, make sure to check out the MS Team Chat.
- Try to prepare for network problems: If someone in the group encounter issues with network, other members need to help to answer, otherwise marks will be deducted for the Q&A session.
